**Our own Skoolbo whizz**

A very big congratulations to Samuel M in Year 6, who came second in the N.S.W. Skoolbo competition and twelfth in Australia on 15th May, 2015. Skoolbo is a new program to help support reading and maths. Children are immersed in an incredible learning world and are highly motivated by the rewards along the way. What an amazing achievement Samuel, you’ve certainly shown persistence and a high level of achievement!

**Congratulations!!**

---

Max and his snow peas

Eager Science student, Max W shows off a snow pea plant that he brought home from the school vegie garden. Max has cared for the peas very well and is now enjoying the fruits of his labour. It’s wonderful to see school based learning continuing on at home.

---

**A few reminders:**

⇒ If your children are being collected from school by someone other than parents/carers we need a note or a phone call to release them into their care

⇒ Students should not arrive at school before 8.45am unless they are bus children as there is no teacher on duty until that time

Our P & C supports requests from teachers for classroom resources during the year.
This time we thought parents/carers may wish to make a donation to their child/children's class to help purchase specific items needed.
The donation should be paid to the front office. Please nominate the class the money is to go towards.
We appreciate your support in helping us to provide resources for our students.

PARENT / TEACHER INTERVIEW NOTES:
Starting today and continuing over the next week, teachers will be sending home interview sheets for you to complete and return to your child's teacher. Please keep an eye out in their schoolbags.

Healthy Habits for Kids to Prevent Cold and Flu

Practicing good hygiene is one of the best ways we have to protect ourselves from illnesses, and so it is important to teach our children how to practice good hygiene.

Hand washing is one of the best healthy habits for kids. It’s important they wash their hands when:
- They’ve been to the toilet
- They are about to eat or prepare food
- They’ve been playing with animals
- They’ve spent time with someone who has been coughing and sneezing and may be contagious.

Encourage your child to cover up their sneezes, either by sneezing into a tissue or into their elbow.
